

I would like to see all states adopt the same no call laws as Indiana has. I was getting 10-15 calls per week, and after being put on the list, I get ZERO. I love that. It's so peaceful now. If I choose to purchase something or participate in something, it's my choice when I decide to do that, and I don't have anyone pushing me. PLEASE AT LEAST LEAVE INDIANA'S NO CALL LIST ALONE. Thank you.
